

# sullyActive

The SullyActive chair is a specially designed rugged posture support wheelchair. It's ideal for energetic and curious young children who are able to self propel and will benefit greatly from independent mobility to explore the world. It's suitable for children from 18 months and can adjust to accommodate basic to intermediate postural support needs.

*"specially designed rugged posture support wheelchair"*

It is designed to be highly manoeuvrable and yet stable, allowing users with varying levels of mobility skills to safely access more demanding terrain.

fitted with a rigged adjustable back system

quick release removable wheels

rear anti-tipper folds away for easy storage

can easily be packed up for compact storage

## SHONAQUIP SOCIAL ENTERPRISE

*Enabling inclusion*

**Shonaquip Social Enterprise** is committed to facilitating social inclusion and support for people with disabilities. With over 25 years experience in advocacy, training, capacity building and the manufacture of award winning mobility and specialised posture support devices, we are building inclusive and robust ecosystems through which a child with a disability, their families and communities can overcome both medical and social barriers to inclusion.
